Friday 15th December 2023	Y11 Mock results day

Thankyou

I was very proud of every single student on Thursday morning. It was an honor to witness how kind and respectful students were following the sad news that was shared. Please take a moment to thank your children this weekend for being so mature and supportive.

Car parking

Please can I once again remind families to be respectful to residents when dropping students off in the morning.

Together, we thrive and add value to the world

BE READY  **BE RESPECTFUL**  **BE RESILIENT** 

Please can you avoid blocking/pulling up on people's driveways and driving along pavements - this is not only disrespectful to our neighbors but also very dangerous for any pedestrians (who are often our students) who might be walking along the footpath.

Please can I ask that you are also careful when pulling back out into the main flow of traffic after dropping children off. There have been many car accidents caused by this over the last few weeks.

The final request is that if you could kindly avoid doing U turns on the Lordswood Road during peak times as this is not only dangerous but also causes traffic problems for other road users.

Many thanks to the many parents who are very conscientious when dropping students off to school - we really appreciate it.
