- A selection of Year 10 students completed the Maths Feast at Aston University Engineering Academy
- We have marked Science week this week thinking about our most influential inventions of all time
- We have been busy Easter bunnies this week preparing for our big rewards assemblies next week. We are so proud to see so many students achieving lots of positive points, receiving no negative points at all, achieving above 96% attendance and meeting all of our school values. We hope they enjoy the treats that next week will bring!

Our first student to reach 300 points!

Well done to Remi in Year 7 who is our first student to achieve 300 positive points. She has the highest amount in school and absolutely no negative points. A huge well done to Remi- we are so proud that you meet our school values every day and are always ready, always resilient and always respectful.

Spanish speaking conversation practice

Students in 10X2/ 10Y2 Spanish that have Mrs Velasquez as their teacher will start speaking conversation practice after Easter holidays. It will be in room 028 every Tuesday 3pm-4pm. The session for 10X2 session will be on week A and the sessions for 10Y2 on week B.

Y10 History Trip

A polite reminder about the Y10 History Trip: please note that the parents and carers of all Y10 history students have been sent a **letter via the KEVI LSG App**. The letter invites students to a history trip on **Monday 20th May and requires a payment**. If you have any questions please contact the school who will pass on a message to the History Department. If you have any concerns about payment please do not hesitate to contact us as we might be able to help. **We need these submitted by Monday 18th March** please so that we can proceed with the organisation of the trip.

Safety Message

We would like to remind all students and parents regarding methods that students can keep themselves safe before and after school. We work closely with West Midlands Police and are sharing these messages to support our students staying safe when not in our care:

- Come straight to school on arrival (breakfast club is open from 8am). Hanging around shops/ pub/ park have been known to lead to incidents where our students may be involved (sometimes not willingly).
- This also applies to after school- please go straight home and do not hang around by the shops/ park/ pub
- Please make sure that you are staying safe online and only sharing your social media information with those you are comfortable with knowing it
- Please report any concerns to school and the police if relevant

Communication and Autism team Parent/Carer Drop-in Sessions

We have been asked to share a reminder about the Drop-In sessions for parents/carers of children with communication/ASD needs taking place on the 19th and 20th March. Themed presentations from the CAT team are delivered at these sessions with plenty of time given for questions and discussion. Parent/carers of children and young people of any age are welcome, they do not need to book and can “drop in” on the day.
