Open evening

Many thanks to all the parents who brought/picked up students who were helping with the Y6 open evening. It was a lovely event and the parents were full of praise for all the student helpers. They commented on what polite, confident and respectful students we have at Lordswood.

Please pass on our thanks to those who helped.

Classcharts

We do ask that all parents register for a ClassCharts account and check it at least once a week. This is the tool that we use to share behaviour events and homework. It is also the method that we use to communicate with parents about detentions so it is essential that all parents are registered so we can send you email notifications if a detention is set.

At present:

- Y7 - 23 parents have logged in since the start of September
- Y8 - 71 families have logged in since the start of September
- Y9 - 51 families have logged in since the start of September
- Y10 - 42 families have logged in since the start of September
- Y11 - 41 families have logged in since the start of September
- Y12 - 6 families have logged in since the start of September
- Y13 - 8 families have logged in since the start of September

It is a great tool for opening up conversations with children about their learning so please try to log on at some point this week. It would be lovely to have nearly 100% of all parents having generated an account before I look again next week.

If you don't have a code - please contact the school office who will be able to help.

Communication and Autism

Please find details below about a parent awareness course designed to support parents or carers of children with Autism. Click the link below to find out more information.
